December 2009

Program C

Dear Parents,

Your children are wonderful learners, always ready to explore new concepts and skills. They are eager to share their knowledge and understanding, and they continue grow. As we perform our daily routines, the students become more and more independent and take pride in what they do.

We are currently working with Golly, our dog character friend who is teaching us about the letter Gg and its sound. He makes us giggle because he lives at a gas station and likes to smell garbage!

The preschool is also buzzing with Christmas preparations as we prepare for Jesus and celebrate this season of Advent!

Sincerely,

Mary Cote and Mary Rohanna

We hope that your family has a happy, healthy and blessed Christmas and New Year. The children know that we celebrate Christmas because of Baby Jesus, and as we all observe, children display the true wonder and joy of the season. May they fill your households with their energy and spirit this Christmas and always.

Thank you for your support of *Operation Christmas Child*. Your generosity will certainly make a difference to many children, and helped your child learn about giving to others.
