

Classroom Times

April 2010

Program C

Dear Parents,

Can you believe it's already April? The showers and the growth of the children are certainly proof! We're in the beginning stages of reading in Program C and it is very exciting! We just met Icky, our newest Superkid. He loves to imagine that he's doing lots of interesting things on TV. After Icky, a terrific trio is coming up – Tic, Tac, and Toc. We also continue to build our mathematical thinking. With spring all around us, we are constantly observing our changing world.

The preschool has been a festive place with our Easter egg hunt and Red Sox Opening Day. Thank you to all families who contributed items to our parties or assisted in any way! They were each a blast!

Sincerely,

Mary Cote
Mary Rohanna

HAPPY BIRTHDAY

April 1st - Campbell

If your child has a **summer birthday** and he/she would like to celebrate it with us in school, please simply pick a day and let us know. We will reserve the days on a first come, first serve basis.

Thank you!
